Your membership supports the park's interpretation programs, the rental of reptiles for the Children's Discovery Centre, the hiring of a summer teachers as well as the purchase of teaching materials. For the last several years we also raised funds to support the Silversides Outdoor Centre including the installation of a stand alone solar power system as well as obtaining a class set of GPS units for the student program. More recently, government funding and corporate donations allowed the installation of accessible year round washrooms at Silversides.
